

CAS 1953-04-4 Nootropic Powder Supplements Galantamine Hydrobromide Hcl

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 10Grams
- Price: USD
- Packaging Details: 1kg/Foil Bag
- Delivery Time: 3-7days after received payment
- Payment Terms: T/T, Western Union, PayPal
- Supply Ability: 5000KG Per Year

Product Specification

- Product Name: Galantamine Hydrobromide
- Cas: 1953-04-4
- Appearance: White Powder
- Assay: 99%
- Usage: Nootropic
- Highlight: **1953-04-4 Hydrobromide Nootropic Powder Supplements, Hcl Nootropic Powder Supplements, Galantamine Hydrobromide**

Product Description

CAS 1953-04-4 Galantamine Hydrobromide Hcl Raw Powder 99% Purity For Nootropic

butyrylcholinesterase

Product Description

Galanthamine is natural extracted from lycoris radiate, is a tertiary alkaloid derived from snow drop and closely related species. It acts as a reversible competitive acetylcholinesterase (ACHE) inhibitor, while acts weaker on butyrylcholinesterase (BuChE). It is used in the treatment of disorders of the central nervous system and may be used as an antidote to nonpolarizing muscle relaxants. Galanthamine hydrobromide is a white to almost white powder.

Product name	Galantamine hydrobromide
CAS NO.	69535-21-5
Molecular Formula	C ₁₇ H ₂₂ BrNO ₃
Molecular Weight	368.27
Appearance	white to off-white powder
Purity	98%min

Function and Application

Galanthamine Hydrobromide is an anti-cholinesterase, weak effect. It has a strong effect to the central nervous system through the blood brain barrier. It mainly cures the infantile paralysis sequelae, sweeney and myasthenia gravis pseudoparalytica, etc. It also can be applied to puerilism, posttraumatic apoplexy, polyneuritis, and radiculitis. Clinic function: mainly used in myasthenia gravis, poliovirus quiescent stage and

sequela, also in polyneuritis, funiculitis and sensorimotor barrier caused by nervous system disease or traumatism. It's major used in Alzheimer's disease, has the principal function for dement and dysmnnesia caused by organic brain damage.
